

ASMMIRT 2017 | PRECONFERENCE THURSDAY 23 MARCH

TIME	BOTANICAL 1
1200-1800	REGISTRATION DESK OPEN
	Pre Conference Workshops
1400-1500	Radiographer commenting forum: reducing errors in the emergency department
1500-1700	Sir Charles Gairdner Hospital Cyberknife tour – supported by AlphaXRT
1800-2030	SUNDOWNER SOCIAL EVENT Ocean Beach Hotel - Nth Cottesloe
1830-2100	PHILIPS SEMINAR – INNOVATION AND YOU Astral Room

ASMMIRT 2017 | FRIDAY 24 MARCH

TIME	PLENARY ROOM					
0700-1800	REGISTRATION DESK OPEN					
0800-1030	OPENING CEREMONY					
	<p>Welcome to Country</p> <p>Convenor Welcome Sharon Maresse</p> <p>ASMIRT Presidents Address Patrick Eastgate</p> <p>ASMIRT Awards - Life Membership - Fellowship - Nicholas Outterside - Advanced Practitioner - Varian Award</p> <p>Pioneer David Hartley</p> <p>Striving for Excellence - An Inspirational Story of Leadership and Research Professor Fiona Wood AM Director, WA Burns Service Australian of the Year 2005</p>					
1030-1100	MORNING TEA					
TIME	PLENARY ROOM	CROWN BALLROOM 3A	CROWN BALLROOM 3B	CROWN BALLROOM 3C	BOTANICAL 3 & 4	MEETING ROOM 3
	MI - CT 1 (Reach Beyond) <i>Chair: Christine Vanderley-Reichner</i>	RT - H&N/Brain (Reach Beyond) <i>Chair: Kevina Choma</i>	Combined MRS - Communication (Reach Across) <i>Chair: Mary-Ann Carmichael</i>	New developments in oncology & imaging (Reach Beyond) <i>Chair: Jenny Sim</i>	Student Conference - combined welcome <i>Chair: Alicia Concannon</i>	
1100-1115	MR Screening – The New Paradigm Mutation Free Alternative James Nol	Development of a supine cranio-spinal irradiation VMAT protocol Kelsie Henry	Reaching a paperless referral future Marnie Rawle	Reach beyond - Advances in cancer imaging Nat Lenzo	Welcome address Patient experience from a radiographer's perspective Clinton Heal Founder & CEO Melanoma WA WA Young Australian of the year	
1115-1130		Retrospective Evaluation of Setup Errors for Stereotactic Brain Radiotherapy Carly Russell	Reaching out from beyond the mask to enhance clinical communication experiences of undergraduate students Donna Mathews			
1130-1145	Dual Energy vs FLASH CTPA: Which results in more indeterminate reports? Kyra Agli	Efficiency gained in planning Whole Brain Hippocampal Sparing using External Beam Radiation Therapy Nick Hutchinson	Raising the profile of radiation therapy in the cancer community - the Targeting Cancer Campaign Jenna Dean	Liver elastography – the new technology evaluating liver disease Marilyn Zelesco	CyberKnife: An Australian Experience Gemma Waters	
1145-1200	CT Pulmonary Angiogram Audit: Techniques and Protocols Prasanna Ratnakanthan	Predictive Modelling to Personalise Management of Head and Neck Cancer Patients Nigel Anderson	Reaching beyond the classroom to teach communication skills to Radiation Therapy students in New Zealand Gay Dungey			

TIME	PLENARY ROOM	CROWN BALLROOM 3A	CROWN BALLROOM 3B	CROWN BALLROOM 3C	BOTANICAL 3 & 4	MEETING ROOM 3
1200-1215	Alfred Hospital: Saving Dose - one CAP at a time Ngon Tran	The Robustness of VMAT to anatomical changes in radiation therapy to bilateral head and neck Brittany Callton	Improving Efficiency of Image Approval to Enhance Treatment Accuracy Jason Chan	PSMA-PET- seeing what others can't Sharyn Bowe	Emerging 3D-Printed Technologies In Radiation Therapy Jodi Mitchell	
1215-1230	Low Dose CT vs General Radiography: A Comparison of Image Quality and Dose (Take 2) Lesley Halmos	The CyberKnife Experience Rachel Kearvell	Relating and communicating with empathy: Reaching Out by Reaching In Pamela Rowntree	Reaching Beyond Australia - The ASMIRT Travel Scholarship Natalie Meagher	Overcoming communication barriers and improving health care access for people with an autism spectrum condition Cathy Tran	

1230-1330 LUNCH BREAK & EPOSTER SESSION **Managers Lunch - Meeting Room 2 (by invitation)**

TIME	PLENARY ROOM	CROWN BALLROOM 3A	CROWN BALLROOM 3B	CROWN BALLROOM 3C	BOTANICAL 3	BOTANICAL 4	MEETING ROOM 3	
	RT - Patient wellness & RT care (Reach Beyond) <i>Chair: Jenna Dean</i>	MI - Emergency/trauma (Reach Beyond) <i>Chair: Michael Neep</i>	Combined MRS - Workforce & culture (Reach Within) <i>Chair: Christopher Hicks</i>	MI - CT 2 (Reach Beyond) <i>Chair: Karen Dobeli</i>	Student Conference - 1 <i>Chair: Belinda Hoang</i>	Student Conference - 2 <i>Chair: Abhi Menon</i>	Workshop	
1330-1345	Exercise, patient wellness and improved oncology patient outcomes Rob Newton	Advances in emergency imaging Nick Woznitza	What's happening behind closed doors? The impact of bullying in healthcare settings Andrea Thompson	Know Stroke, Know the Signs, Act in time! Tj Singh	"Do my hips look good in this?" Tips and Techniques for DDH pelvis radiographic presentation Anseley Forgus	The viability of surgical clips for the use in breast radiation therapy Millie Taylor-Brown, Katrina Smith & Nicola Jones	ANZMRRN Demystifying evidence based practice - How you can make a start with research in your department	
1345-1400								Evaluation of Prone and Supine Patient Positioning in External Beam Radiotherapy for Gynaecological Cancer Dianna Nhuy Le
1400-1415			The emotional intelligence of Australian radiographers through the lifecycle: from student to chief and beyond Grace Eccles	Patient preparation for CTCA with heart rate control premedication: a best practice implementation project Gordon Mander				A curious case of marking the right side Georgia Williams
1415-1430	Reaching New Heights In Patient Care Nicholas Livio	Which patient presentation types require the most imaging? An analysis of Emergency Department Imaging Requests Nadine Thompson	Taking it 'personnel-y': the importance of boosting morale in the healthcare team Hannah Stubbings	Impact of reconstruction techniques and mAs reduction on image quality for chest Computed Tomography Cláudia Sá dos Reis	Design and development of a web-based learning resource for radiation therapy students Hayden Juriansz	Spinal metastases: a comparison of stereotactic body radiotherapy (SBRT) and conventional radiotherapy Nina Lin		
1430-1445	What do Radiation Therapists in Australia and New Zealand know about patient anxiety? Survey results Kelly Elsner	Imaging investigations of non-accidental injury in vulnerable persons Edel Doyle	Positive Outcomes from an Adverse Event in Radiography Gary Denham		Investigation of Diagnostic Value and Radiation Dose for CTPA versus Ventilation/Perfusion scans in the Evaluation of Pulmonary Embolism Callum McRobert	Radiation Therapy in Nepal - Australian Students' Experience and Perspective Jodi Mitchell		
1445-1500	Reach out: Radiation therapists individually preparing patients for radiotherapy reduces patient anxiety Georgia Halkett	Concussion in sport; what is the role of imaging? Lauchlan Carey	"Why don't doctors report clinical incidents?" Arjun Shivananda	Because Accidents Happen Melanie Rosenberg	The Effect of Pelvic Size on Radiation Therapists' Evaluation of Image Quality: A Phantom Study Sara Chan	What education do radiation therapists provide to patients undergoing radiation therapy for breast cancer? Jinglin Yao		

1500-1530 AFTERNOON TEA & STUDENT EPOSTER SESSION

TIME	PLENARY ROOM	CROWN BALLROOM 3A	CROWN BALLROOM 3B	CROWN BALLROOM 3C	BOTANICAL 3 & 4	MEETING ROOM 3
	MI - Quality (Reach Beyond) <i>Chair: Tom Steffens</i>	RT - Prostate (Reach Beyond) <i>Chair: Rhys Fitzgerald</i>	Combined MRS - Using big data, management & service management (Reach Beyond) <i>Chair: Gerard Miller</i>	RT - New and evolving practice (Reach Beyond) <i>Chair: Rachel Kearvell</i>	Student Conference - combined close <i>Chair: Clare Herbert</i>	
1530-1545	Radiation dose reduction: Reaching beyond traditional practice Madeleine Shanahan	Benefits of Opposed Overlapping Field IMRT in Pelvic Radiotherapy with Bilateral Hip Prosthesis Ben Starvaggi	Improving the patient journey: Utilising feedback from the results of a survey Mecaela Couper & Emily Ross	Liver SABR End Expiration Breath Hold - reaching beyond to overcome the challenges Anne Mc Master	Reach your potential - top tips for career development Julian Harris	
1545-1600	Digital radiography versus computed tomography for trauma cervical spine imaging: a dose comparison Natasha Radbone	Reach Beyond - HDR Brachytherapy - Single Fraction Monotherapy For Prostate Cancer. An Australian First Evangelos Katsilis	Reaching out, beyond and across with Data Nadine Thompson	Radiation therapy for Retroperitoneal Sarcoma - Peter MacCallum Cancer Centre experience Clare Manczak		
1600-1615	Comparison of quality of clinical information on requests before and after implementation of electronic requesting Chelsea Castillo	Cone-beam CT for prostate radiotherapy - dosimetric effects of imaging frequency and PTV margin reduction Hayley Chesham	The evaluation of an in-house KPI tool - A 5 year review Andrew Wallis	BOSTON Clinical Trial: A Review of SABR Techniques Dianne Kelly		
1615-1630	Changes in education and supervision of x-ray operators and the effect on image quality Leeanna Wonka	Developing a robust CBCT program with the Protura™ Robotic Patient Positioning System: Experience and Challenges Chris Hoyne	Risk management and lessons learnt from a flood Leigh Smith	Optimising Radiotherapy for Lymphomas of Gastric and Peritoneal/ Abdominal Origin Senalee Karunanayake		
1630-1645	Mobile CXRs: reaching within to develop a culture of reflective practice Caitlin Haimes	A novel intra-fraction motion management technique for prostate SABR: Clinical Experiences from Radiation Therapists perspective Mark Udovitch	Factors associated with appointment non-attendance at a Medical Imaging department in regional Australia Gordon Mander	Lung SABR with Variable Dose Rate Dynamic Conformal Arc Therapy William Starbuck		
1645-1700	Do requests for acute abdomen radiographic examinations correlate with evidence based guidelines? Gary Denham	Putting Prostate Intra-fraction Motion on Hold - Assessment of an innovative motion tool Kaitlin Reid	Big data analytics in cardiovascular disease: Paradigm shift in medical imaging data management Zhonghua Sun	Dosimetry and Treatment delivery efficiency comparison of 3D-Conformal, IMRT and RapidArc in pelvis cancer patients Andy Truong		Work the World Australia - International Volunteering Opportunities James Brown
1700-1715	Reaching out for answers, what is that artefact on my abdominal x-ray? George Sammour	Hydrogel Use in Prostate Cancer patients - Indications and Economic Value Scott Jones	The Australian Clinical Dosimetry Service on a national and global scale Stephanie Keehan	Quantifiable Dosimetric Benefits of Proton Radiotherapy Raymond Dalfsen		ASMIRT - All about your professional body and how to get involved Patrick Eastgate
1715-1930	WELCOME DRINKS IN EXHIBITION HALL					

ASMMIRT 2017 | SATURDAY 25 MARCH

0700-0800 BRAINLAB RUN/YOGA BREAKFAST SESSION Great Lawn

0730-0830 VARIAN BREAKFAST SESSION - Connect. Collaborate. Coordinate. Astral Room

0730-1730 REGISTRATION DESK OPEN

TIME	PLENARY ROOM	CROWN BALLROOM 3A	CROWN BALLROOM 3B	CROWN BALLROOM 3C	MEETING ROOM 3
	RT - Stereo (Reach Beyond) <i>Chair: Leigh Smith</i>	MI - Chest imaging & interpretation (Reach Beyond) <i>Chair: Anne Connell</i>	Combined MRS - Workforce education & development (Reach Within) <i>Chair: Sue Merchant</i>	MI - Positioning (Reach Beyond) <i>Chair: Marnie Rawle</i>	
	Session sponsored by Brainlab				
0900-0915	Brainlab Michael Ruemelin	Chest x-ray interpretation by radiographers Nick Woznitza	Integrating the Victorian DHHS Capability Framework into the Intern/PCP Training Model at Western Health Adam Steward	How to Correct an Incorrectly Positioned Lateral Knee Michael Fuller & Christine Xiao	
0915-0930	Cyberknife Stereotactic Radiosurgery for Trigeminal Neuralgia: Experiences and Outcomes Peter Devlin		Facilitating Interprofessional Education Karen Coleman		
0930-0945	Stereotactic Ablative Body Radiotherapy (SABR) for liver tumours - the Peter MacCallum Cancer Centre experience Roshini Thomas	Collimation on Chest x-rays: Comparing film-screen trained vs digital trained radiographers Sally Ball & Meg McKerrow	Educate the Educator but What About the Mentors? Kathleene Dower	Do you reach for lead? Development and validation of an anatomical side marker audit. Kelly Fordyce	
0945-1000	The role of stereotactic body radiation therapy in the management of paediatric tumours Nina Lin	Finding Dory: the search for impacted fishbones Michael Neep & Daniel Sgualdino	'Instagram for your aortogram' - using Figure 1 as an educational tool for radiography students Alexandra Schelleman	Two lefts don't make a right: How sidemarker usage has changed with increased digitalisation Clare Gill & Tom Steffens	
1000-1015	Developing a SABR dosimetry audit for Australian Radiotherapy Centres Maddison Shaw		Our attitudes to social media as a tool for continuing professional development Gay Dungey	The Influence of Digital Radiography on positioning the Mortise ankle projection: a retrospective study Seamus Power	
1015-1030	Initial Implementation of the LightSABR Trial at Northern Sydney Cancer Centre Linda Bell	Image quality and dose analysis for a pa chest x-ray: comparison between AEC mode acquisition and manual mode using the 10 KVP rule Cláudia Sá Dos Reis	Abnormal Results Management in Medical Imaging - a Real-time Radiographer Commenting Model Ingrid Klobasa-Hicks	Positioning Critique: How Close is Close Enough? Michael Tarollo	

1030-1100 MORNING TEA

TIME	PLENARY ROOM	CROWN BALLROOM 3A	CROWN BALLROOM 3B	CROWN BALLROOM 3C	MEETING ROOM 3
	MRS Quality (Reach Beyond) <i>Chair: Caroline Wright</i>	RT - Protons & new technology (Reach Beyond) <i>Chair: Nigel Anderson</i>	Professional Issues - You are not alone (Reach Within) <i>Chair: Gerard Miller</i>	MI - Bones and orthopaedics (Reach Beyond) <i>Chair: Sharon Couthino</i>	Workshop
1100-1130	BREAST: a multidisciplinary approach to transform the quality of breast cancer diagnoses Patrick Brennan	Advanced radiation dosimetry in contemporary external beam radiation therapy (including proton therapy) Anatoly Rozenfeld	You Are Not Alone - Exploring a patient complaint including psychological impact, legal overview and insurance coverage Shamus Breen, BMS Risk Solutions Lisa Newcombe, Landers & Rogers Gavin Freeman, Psychologist	How to Correct an Incorrectly Positioned Lateral Elbow Michael Fuller & Mariosa Giblin	JMRS Publications Workshop: Part A
1130-1145				Hasten Slowly - Making time for Patient Care in the Digital era Ericka Beattie & Tom Steffens	
1145-1200	Assessment of Grid Alignment Practices by Radiographers Kate Christie	Implementing daily soft tissue image guidance with reduced anisotropic PTV expansions for post-prostatectomy radiotherapy Linda Bell		Manual to Media - 40 years of Medical Imaging Stuart Nelson	

TIME	PLENARY ROOM	CROWN BALLROOM 3A	CROWN BALLROOM 3B	CROWN BALLROOM 3C	MEETING ROOM 3
1200-1215	Improving Clinical Governance in Medical Imaging - what we can learn from the Operating Theatre Christopher Hicks	Synchrotron radiotherapy: towards a human clinical trial Lloyd Smyth		The Use of Digital Tomosynthesis in the Imaging of Osteotomy and External Fixation Follow-Up Adam Steward & Hayley Biding	
1215-1230	Can you make a silk purse out of a sow's ear? Deborah White	Brass Mesh Bolus versus Tissue-Equivalent Bolus for post-mastectomy chest wall irradiation: A clinical feasibility study Latisha Walton		Don't forget about the talus Peter Elliott	
1230 -1330	LUNCH BREAK & EPOSTER SESSION		Past Presidents Lunch - Meeting Room 4 (by invitation)		1230-1300 JMRS Publications Workshop: Part B

TIME	PLENARY ROOM <i>Chair: Greg Rattray</i>
1330-1400	Varian Award Presentation
1400-1430	Perspectives on care in medical radiation science. Fellowship Session - Clinton Heal
1430-1515	ASMIRT AGM

1515-1545 AFTERNOON TEA

TIME	PLENARY ROOM	CROWN BALLROOM 3A	CROWN BALLROOM 3B	CROWN BALLROOM 3C	MEETING ROOM 3
	MI - Interventional / dose (Reach Beyond) <i>Chair: James Nol</i>	RT - Motion (Reach Beyond) <i>Chair: Louise Coffey</i>	Combined MRS - EBP (Reach Beyond) <i>Chairs: Andrew Murphy & Chelsea Castillo</i>	Combined MRS - Education & students (Reach Across) <i>Chair: Donna Matthews</i>	
1545-1600	Dosimetry in interventional radiology: optimization of procedure for dose reduction Anatoly Rozenfeld	A retrospective dosimetric study of radiotherapy patients with left-sided breast cancer; benefits of the deep inspiration breath hold Mikaela Dell'Oro	Reaching across the great divide: Incorporating peer review to bridge the theory-practice gap Julie Burberry	Radiotherapy in Vietnam – Lessons learnt, redefining my approach Vu Huynh	
1600-1615		Evaluating Organ Motion in Radiotherapy Using Abdominal Compression Rebecca Van Gelder	Mid-Ventilation Vs Maximum Intensity Projection: Retrospective Comparison of 4DCT Reconstructions for Lung SABR Treatment Planning Josephine Cannon		
1615-1630	Medical Imaging Dose Alert – From Inception to Completion Janine Hearn	Clinical Implementation of VMAT for Non-Small Cell Lung Cancer: Implications for the Moving Target Rhonda Lawrence	The implementation of research findings into evidence based practice within diagnostic radiography in Australia Laura Di Michele	The Relationship between Clinical Competency and OSCE Results in a Medical Imaging Student Cohort James Bainbridge	
1630-1645	Predictive value of CTA for lower GI bleeding prior to angiographic embolisation Gillian Bruce	Filling up on Quality - The Implementation of a Bladder VMAT Program in a regional department Luke Kerin	Medical imaging in musculoskeletal and diabetes research Kathryn Squibb	Reflective Practice and its role in professional identity development in undergraduate radiation therapy students Mary-Ann Carmichael	
1645-1700	Angiographic imaging of Chronic thrombo-embolic pulmonary hypertension Brendan Erskine	Implementation of ultrasound-guided intrafraction monitoring and correction in prostate cancer treatments at Townville Cancer Centre Amy Brown	Digital Radiography Chest Imaging: Pathologies & Best Practice Richard Mansfield	A Wiki: An innovative approach to teaching radiation therapy and oncology in New Zealand Gay Dungey	
1700-1715	Local Diagnostic Reference Levels for Fluoroscopic procedures: How does the PAH compare? Nicole Flood			Development of instructionally designed e-learning modules that enhance reflective practice and interdisciplinary/cross-disciplinary learning Renee Mineo	

1930-2330 GALA DINNER AT THE ASTRAL - CROWN

ASMMIRT 2017 | SUNDAY 26 MARCH

0800-1500 REGISTRATION DESK OPEN

TIME	PLENARY ROOM	CROWN BALLROOM 3A	CROWN BALLROOM 3B	CROWN BALLROOM 3C	MEETING ROOM 3
	Combined MRS - Patient care (Reach Beyond) <i>Chair: Sharon Maresse</i>	RT - Breast/thorax (Reach Beyond) <i>Chair: Scott Cooper</i>	MI Student prize winners (Reach Across) <i>Chair: Rob Hart</i>	MI - Breast imaging (Reach Beyond) <i>Chair: Margaret Jakobson</i>	
0900-0915	Paediatric kV Verification Imaging Exposure Settings in Radiation Therapy: How Low Can We Go? Dominique Fogarty	Implementation of ultraviolet tattoos for breast radiotherapy patients Lorraine Lewis	Bird Fancier's Lung Ali Jackson (SA)	Towards tailored breast cancer screening Jennifer Stone	
0915-0930	Clinical Implementation of VMAT for Paediatric Craniospinal Irradiation Vaughn Geddes	Incorporating DIBH and VMAT into Internal Mammary Node (IMN) Irradiation in Left-Sided Breast Cancer Daisy Le Cerf	Attitudes towards patients with disability in a clinical setting: A survey of undergraduate radiography students Pratik Vageesh (VIC)		
0930-0945	The Applicability of the Greulich & Pyle Atlas When Applied to Multi-cultural Australian Children Adam Steward	3D ultrasound Image Guided Radiation Treatment: Assessment of seroma volume changes and feasibility study Leigh Camilleri	Investigation of Diagnostic Value and Radiation Dose for CT Pulmonary Angiography versus Ventilation/Perfusion scans in the Evaluation of Pulmonary Embolism Callum McRobert (WA)		
0945-1000	Renal disease in Northern Territory - a matter of life choices? Tu Anh Dao & Cherie Kim	Analysis of flattened and flattening filter free breast planning techniques with deep inspiration breath hold Jenna Dean	Optimised Grid Use In Digital Radiography Ellen Stewart (QLD)	Diseases of the Male Breast Meredith Kessell	
1000-1015	Dementia care in Radiography Rachel Challen	Feasibility study on the implementation of an automated IMRT planning script for whole breast radiotherapy Callie Choong		Contrast Enhanced Spectral Mammography - A Radiographer's Experience Carolyn Madeley	
1015-1030	Electronic Skin Brachytherapy: The First Australian Elekta Esteya® Experience Natalie Meagher	Investigating the benefits of Deep Inspiration Breath Hold (DIBH) Mediastinal Radiotherapy for Hodgkin's Lymphoma Karen McGoldrick		What the Text Can't Teach. A Junior Radiographer's Experience of Mammography Fatmah Elhouli	

1030-1100 MORNING TEA

TIME	PLENARY ROOM	CROWN BALLROOM 3A	CROWN BALLROOM 3B	CROWN BALLROOM 3C	MEETING ROOM 3
	MI - Advanced practice / Radiographer commenting (Reach Beyond) <i>Chair: Michael Fuller</i>	Combined MRS - Volunteer & outreach (Reach Beyond) <i>Chair: Cherry Agustin</i>	RT Student prize winners (Reach Across) <i>Chair: David Cutt</i>	Combined MRS - Workforce (Reach Within) <i>Chair: Aiden Cook</i>	
1100-1115	Advanced practice radiographers: what can be achieved? Nick Woznitza	Reaching Beyond our hospital walls – exploring radiotherapy in Vietnam Vu Huynh	DIBH & Lung Cancer: Effects on Tumour Immobilisation, Patient Morbidity & Dose Escalation Annalise Parker & Leelyn Hall (NSW)	Reaching across: A collaborative education initiative to address sonography workforce shortage in New Zealand Jenny Sim	
1115-1130			Design and development of a web-based learning resource for radiation therapy students Hayden Juriansz (WA)		

TIME	PLENARY ROOM	CROWN BALLROOM 3A	CROWN BALLROOM 3B	CROWN BALLROOM 3C	MEETING ROOM 3
1130-1145	Reaching for New Heights: Logan Hospital Radiographer Commenting Micheal Neep & Cameron Brown	Reaching Out for Support: Adolescent and Young Adult Survivorship Nina Lin	The viability of surgical clips for the use in breast radiation therapy Millie Taylor-Brown & Katrina Smith & Nicola Jones (QLD)	Australian National Radiation Dose Register (ANRDR) Review Cameron Lawrence	
1145-1200		Dry July Shave Off - experiences and outcomes of a viral fundraising initiative Mark Udovitch	The use of Hydrogel Spacers in prostate cancer Radiation Therapy Michael Mazzotta (SA)	I'm not a Forensic Radiographer...Am I? Edel Doyle	
1200-1215	ASMIRT Advanced Practice Pathway - Update Nadine Thompson	Reach Out: The Road to Mandalay, Nay Pi Taw & Yangon Carolyn McGregor	Sleep disturbance and the impact on cancer patients Anna Lorenz (VIC)	Expanding the role of the radiation therapist: Benefits for the individual and the organisation Claire Goodwin	
1215-1230	Advanced Practice Question & Discussion	Radiology Outreach in Sri Lanka - an overview Marilyn Zelesco		Learning with, from and about each other: developing an interprofessional programme Karen Coleman	

1230-1330 LUNCH BREAK & EPOSTER SESSION

TIME	PLENARY ROOM		
1330-1500	CLOSING CEREMONY <i>Chair: Joshua Anthony</i>		
	Building an Olympian Mindset – Performing under pressure Gavin Freeman Director, Business Olympian Group	ASMIRT 2018 Presentation Nadine Thompson John Atyeo	Prizes - Philips Healthcare Diagnostic Prize (paper) - Cannon Diagnostic Prize (ePoster) - ASMIRT Harold Anderson Memorial Diagnostic Student Prize (paper) - Elekta Radiation Therapy Prize (paper) - AlphaXRT Radiation Therapy Prize (ePoster) - Varian Harold Anderson Memorial Radiation Therapy Student Prize (paper)
